ERIH, a network of around 1800 sites across 47 countries in Europe, is Europe's foremost tourism network of industrial heritage sites and visitor attractions. The backbone of the system is made up of **Anchor Points** – the most important and attractive tourist sites which tell the story of Europe's industrial history. Associated with these Anchor Points are **Regional Routes**, through which can be discovered the industrial history of these landscapes in more detail, and **European Theme Routes**, which show the diversity of Europe's industrial history and its common roots.
